PROFILE

Passionate web developer with a background in event management, adept at facilitating effective communication and collaboration via platforms such as GitHub and Slack. Skilled in HTML, CSS, JavaScript, and React, committed to enhancing proficiency in front-end development. Additionally, experienced in back-end development utilizing Ruby on Rails and PostgreSQL.

TECHNICAL EXPERIENCE

Hide n Seek

March 2024

[Live Demo](#) [See code](#)

- Airbnb clone website built on Ruby on Rails, in collaboration with four other developers
- Web app deployed to production using Heroku.
- Implemented core Rails concepts: routing, controllers, views, models, and CRUD operations.
- Utilised Cloudinary's robust API to efficiently handle image storage, transformation, and delivery
- Employed Git and GitHub for version control and collaboration.
- Enhanced user experience by implementing search functionality through the Search gem and integrating geocoding features using Mapbox.

Bark Buddies

April 2024

[Live Demo](#) [See code](#)

- Social web app for dog owners built on Ruby on Rails, integrating JavaScript with Stimulus.js, and styling with Sass and bootstrap.
- Directed a team of four developers, leveraging Notion for streamlined project management and collaboration.
- Conducted regular code reviews and provided mentorship to team members, fostering a collaborative development environment.
- Successfully deployed the application to production on Heroku and secured a domain name for branding and accessibility.
- Implemented responsive design principles to ensure optimal user experience across various devices and screen sizes.

WORK EXPERIENCE

Assistant Events Manager

2020-2024

Searcys @ Allen & Overy - London, UK

- Orchestrating event planning and execution adeptly, ensuring efficient management of timelines and resources.
- Meticulously attending to details, coordinating logistics such as venue selection and catering to elevate the event experience.
- Proficient in communication, understanding client requirements, negotiating contracts, and maintaining clear communication with internal teams and vendors.
- Foster effective team collaboration by working closely with various departments to ensure a unified approach to event planning.

Conference Coordinator

2018-2020

Searcys @ Allen & Overy - London, UK

- Proficiently planning and overseeing the execution of conferences, managing all aspects of logistics and operations to ensure seamless experiences for attendees in event coordination.
- Coordinating technical requirements such as AV equipment, live streaming, and virtual conferencing platforms to facilitate smooth presentations and sessions in technical support.
